

love passionately
change the world
end domestic violence
break the cycle
demand justice
stop rape

The One Man Can Campaign supports men to take action to end domestic and sexual violence

Based on research done by the Sonke Gender Justice Network, the campaign recognises that many men are concerned about widespread domestic and sexual violence and want it to stop.

The **One Man Can Action Kit** provides men with resources to act on their concerns about domestic and sexual violence.

Materials in the **One Man Can Action Kit** include:

- stickers
- t-shirts
- posters
- music
- video clips
- fact sheets.

In addition, the **One Man Can Action Kit** provides specific information and strategies on how men can:

- Support a survivor
- Use the law to demand justice
- Educate children early and often
- Challenge other men to take action
- Make schools safer for girls and boys
- Raise awareness in your church, mosque or synagogue
